WIMPOLE CONSOLE TABLE 5' (FRAME ONLY)

F4115F

A well, proportioned console table in the manner of Robert Adam. Gesso, antiqued hand-painted softwood, available in bespoke sizes up to 6', with a choice of marble tops. The measurements given are the frame size for a 5' table and do not include the marble top. We recommend a 2cm marble overhang on the front and side edges of the table. If you would like an additional overhang on the back edge to compensate for a skirting board, please note on your enquiry. Here shown with a 2cm deep fossil marble top and a grey marble top.
