## OGEE PICTURE RAIL BRACKET - ANTIQUE BRASS

PRBB2

Robert Kime Picture Railing is based on a document example from the Robert Kime archive and is a classic approach to hanging art in a room.

Our Picture Railing is a group of 6 elements -  
Rail  
Ball End  
Backplates (2 options)  
Bracket  
S Hook  
Chains (3 options)

The Ogee Bracket support the rail to the wall and therefore the weight of the art.

All elements of our Picture Railing come in our signature hand-coloured antique brass.

Please see Useful Product Information for important details.
