WEXCOMBE BASKET - SMALL

F4211S

A small version of our existing Wexcombe Basket. Based on an original farm basket found in Northern Italy, a faithful hand-made reproduction of a large Campana-style urn-shaped wicker basket.

All our baskets are handcrafted in the UK by a highly skilled craftsman, who uses willow grown in Somerset. The willow undergoes a soaking process before weaving. He employs a variety of weaving techniques for each basket, to achieve the look we are after. He works independently, overseeing every step in the process.

Please note there may be potential size discrepancies between baskets. This is typical of natural handmade products.
